DESCRIPTORS	Air Conditioning Equipment; *Climate Control; *Comparative Analysis; *Computer Software; *Construction Costs; Decision Making; Educational Facilities; Elementary Secondary Education; Purchasing; School Size
IDENTIFIERS	Cost Management

ABSTRACT

A CD ROM program provides comparison construction cost capabilities for heating, ventilation, and air conditioning (HVAC) systems in educational facilities. The program combines multiple types of systems with square footage data on low and high construction cost and school size to automatically calculate HVAC comparative construction costs. (GR)
